

HEWES REDFISHER 18

THE MOST POPULAR
LIGHT TACKLE SKIFF
IN THE WORLD. More anglers

fish Redfisher 18s than any other skiff in the world. While an ideal poling skiff for bonefish, tarpon, snook and redfish, the Redfisher 18 has become a popular choice for anglers who fish fresh water too. Superb shallow water performance, more dry storage, deck space and livewells, and the legendary Hewes ride makes the new Redfisher 18 the most versatile skiff in the world.
