

HEWES LIGHT TACKLE 20

THE LIGHT TACKLE SKIFF FOR HEAVY DUTY SITUATIONS. The

Hewes Light Tackle 20 adds freeboard to the basic skiff idea, giving anglers the confidence to punch through a stiff chop in bad weather. Yet it keeps the classic performance and snag-free casting areas of a Hewes skiff. Add to that, features like an oversized livewell, built-in rod racks, enormous dry storage and you have an inshore boat that will carry a ton of live bait, tackle and gear a long way, in dry, unbelievable comfort.
